One-Week FDP on Academic Writing, Publishing and Patent Protection

Organized by Department of CSE

12th September 2022 to 17th September 2022

About the Department

The Department of Computer Science and Engineering was established in 2007 with an intake of 60 for Under Graduate Program and enhanced to 300 in 2012 and then to 420 in 2014. The Department is equipped with dedicated and experienced faculty who continuously upgrade their skills under the guidance of the founder Director Shri Neil Gogte, who is one of the stalwarts in Computer Science & Engineering. The department highly encourages Industry Institute Interaction to bridge the gap between Industry and the Institute by fulfilling their expectations in conduction of various workshops for students on latest emerging trends and technologies, which make the students to explore and undertake challenging tasks confidently. The department has collaboration with reputed Organizations to explore, build, develop and enhance technical skills in trending technologies among faculty and students.

Objective of the FDP: To make the participants more efficient and effective at writing research papers and getting them published in quality high-impact journals. The Faculty Development Program (FDP) will focus on both developing theoretical foundation and practical execution.
